THE LOCAL AREA

Hamble-Le-Rice is a picturesque Village situated on the South Coast of England, renowned for the local sailing facilities, Marinas, Sailing Clubs, eating and drinking establishments and beautiful Riverside walks. Whilst the village has retained its character, the surrounding area has grown to support three marinas and a host of shops, pubs and restaurants, services and businesses. There are woodland and coastal walks to enjoy, two country parks are situated nearby; The Royal Victoria Country Park and River Hamble Country Park.

Hamble's geographical position has contributed greatly to the village's history and its importance as there are many old wells in the area suggesting a good supply of fresh water, making the village the maritime centre over many centuries. One of these original wells is in the garden of The Old House. There have been a number of notable houses built in Hamble, however not many of them remain. The Old House is believed to be built in the 17th Century and stands on the village Square with views over the Square and down The Quay.

The community benefits from local junior and senior schools, children's clubs, Hamble Parish Council, Hamble River Singers and the mobile library to name a few. The sporting opportunities include sailing clubs such as the Hamble River Sailing Club, Royal Southern Yacht Club, Warsash Sailing Club etc.

Within Hamble, there are three marinas; Hamble Point, Port Hamble and Mercury Marina. Hamble Point Marina offers 230 berths and lies at the mouth of the River Hamble, with access to the world famous waters of the Solent, a magnet for competitive sailors from around the globe, it's a favourite with racing and cruising yachtsman alike. Port Hamble Marina offers 310 berths is situated on the River Hamble in the heart of the South Coast's sailing scene. The marina has a proud heritage of refitting and maintaining racing yachts, a tradition that continues today with many different yacht services based at the marina. Offering 360 berths the Mercury Marina was originally built by Sir Robin Knox Johnson. Mercury Yacht Harbour is situated in a sheltered wooded site where the shallow waters of Badnam Creek join the River Hamble. The marina offers deep water at all states of tide and among its excellent facilities are a chandlery as well as a bar and restaurant with waterfront views.

Hamble is accessible by a range of public transport links. It has bus routes running from Southampton City Centre to Hamble and vice versa, a train station with lines to Southampton Central and Portsmouth Harbour with onward links to London, and the Pink Ferry service from Hamble to Warsash. By car, Hamble is approximately 3 miles from the M27 J8.
